10 MORE AND 10 LESS WORD PROBLEMS 2 ANSWERS

1) A group of kids collected 56 shells at the beach and later found 10 more. They washed them all in a bucket. **How many shells did they collect in total?**

56 + 10 = 66
They collected 66 shells in total.

2) A squirrel hid 95 acorns but a sneaky bird took 10 of them. The squirrel was not amused.
How many acorns does the squirrel have now?

95 – 10 = 85
The squirrel has 85 acorns now.

3) Jade had 48 crayons, but 10 of them broke during art class. She put the rest back in her box.
How many crayons not broken?

48 – 10 = 38
38 of the crayons are not broken

4) Captain Salamander catches 17 fish before lunch. He catches 10 more after lunch.
How many fish does he have now?

17 + 10 = 27
He has 27 fish now.

5) A bakery made 62 cupcakes in the morning and sold 10 by noon.
How many cupcakes are left?

62 – 10 = 52
There are 52 cupcakes left.

6) 59 children and 10 adults go on a school trip to a museum.
How many people go on the trip in all?

59 + 10 = 69
There are 69 people on the trip.

7) A magician pulled 24 ribbons out of a hat, then made 10 of them vanish.
How many ribbons are there now?

24 – 10 = 14
There are 14 ribbons now.
