

HALLOWEEN RACE TO 100

Halloween Race to 100 is a dice game played on the 100 square to help develop children's reading and counting skills with numbers up to 100. The aim is to be the first player to get to number 100.

You can choose which board you wish to play the game on:

- *Version 1 (v1) where the game starts with 1 in the top left corner and the numbers 100 is in the bottom right.*
- *Version 2 (v2) where one board starts at 1 in the bottom left corner and goes up to 100 in the top right.*

Age range: 1ST Grade +

Number of players: 1-4

Learning:

- Counting numbers to 100;
- Reading numbers to 100
- Finding missing numbers by counting on one more.
- Doubling numbers from 1 to 6

You will need

- 1 counter per player. Each player needs a different color.
- 1 dice

Instructions

- Each player starts at number 1.
- Player 1 rolls the dice and then moves forward the number of spaces on the dice.
- If Player 1 moves onto a picture square, then the player has to say what number is hidden under the picture. If they are right then they follow the instructions at the bottom of the board for that picture. If they are wrong, they go back 3 squares.
- The first player to reach 100 is the winner.

Example of play

- Player 1 rolls a 3 and moves from number 1 onto number 4.
- Player 2 rolls a 4 and moves onto the spider picture. They incorrectly say that it is number 6, so they go back 3 squares to number 2.
- Player 3 rolls a 4 and moves onto the spider picture. They correctly say that the number is 5. So Player 2 rolls again and gets a 2 and moves onto square 7.

HALLOWEEN RACE TO 100 v2

91		93	94	95	96	97	98	99	100
81	82	83	84	85	86		88		90
71	72	73		75	76	77	78	79	
	62	63	64	65		67	68		70
51		53	54	55	56	57		59	60
41	42	43	44		46	47	48		50
31	32		34	35	36	37	38	39	
21	22	23	24	25		27		29	30
11		13	14	15	16		18	19	20
1	2	3	4		6	7	8		10

Roll again.

Move on to the next picture square.

Move on 3 squares.

Double your last roll.
